

Citizen Science Opportunity

Be part of a phenology project at the Discovery Center!

Training is provided!

Who?

Anyone who enjoys walking the grounds!

What?

Help us collect phenology data on key species around the Discovery Center.

When?

When it's convenient for you! Every season, any day-all data helps contribute to this project.

A brief training will be held Wednesday March 27th, 9:30am. Contact Melissa at melissa.brogle@wildlife.nh.gov or 603-778-0015 to register for training.
